Dr. Avril D. Woodhead
Biology Department
Brookhaven National Laboratory
Upton, Long Island, NY 11973

Dear Dr. Woodhead;

I have received the material you sent, including the tentative program, for the symposium on the relevance of phenotypic variations to risk assessment, and I will begin inquiries immediately concerning any likely financial support that may be available. You may expect to hear from me about this in a few weeks.

I am enclosing a copy of the article on Dutch Kastenbaum, my brother, that appeared last month in the Minneapolis Star & Tribune. His role as advocate for the elderly continues to fascinate me.

Sincerely yours,

Marvin A. Kastenbaum
